PHYSICIAN KNOCKED FROM HIS BICYCLE

RECKLESS RIDING OF COUPLE OF
NEGROES RESULTS IN PAINFUL
FALL FOR DR. P. R. BENNETT
AT ORANGE AND PALMETTO.

Like Tuesday afternoon there was a bicycle mix-up at the corner of Orange and Palmetto avenue which resulted in a severe fall for Dr. P. R. Bennett and the sudden dismounting of another man and two negroes.

Dr. Bennett was riding west on Orange avenue and the colored men turned into that street from Palmetto avenue, coming south. The doctor was pretty well to the center of the roadway and the negroes, when they turned the corner, separated, one going on either side of him. This caused confusion and the collision resulted, as Dr. Bennett turned to the right, expecting both of the negroes to pass to his left. The colored man on the right, in trying to dodge the doctor, collided with another wheelman coming east on Orange avenue, and they also were thrown from their wheels.

Dr. Bennett received some painful skin abrasions and was severely shaken up, but was not seriously injured.

The negroes were riding faster than they should and probably turned the corner short, or on the left, which is the cause of many accidents.

ELK CARD PARTIES WILL BE RESUMED THIS WEEK

THOS. A. EDISON WRITES TO L.
M. DRAKE OF THIS CITY IN RE-
PLY TO NOTE OF SYMPATHY
AND GOOD WISHES.

L. M. Drake, of this city, who is per-

Edison, and was at one time engaged
with him at his plant, has received
the following autograph letter from
the great inventor:

Orange, N. J., Dec. 26, 1914.

Mr. L. M. Drake,
Daytona, Florida.

"Dear Sir:—Allow me to express
my appreciation of your kind mes-

cent fire at my plant and to thank you
for your good wishes.

"We are doing some tall hustling
around here and I will be back in the
game again within 30 days.

Respectfully,

"THOS. A. EDISON."

Mr. Drake says of the latter:

"The closing lines of this letter
illustrate the wonderful energy of the
world's greatest inventor. The fire
which occurred December 9th last, cost
Edison \$7,000,000. Instead of allowing
his 3,000 and more employees to remain

perintendent of Methodist churches,
delivered a very interesting and in-
structive talk on missions before the
Epworth League Sunday evening.

Judge N. E. Harris, governor-elect
of Georgia, addressed the Tourist Bi-
ble class of the M. E. Sunday school
Sunday morning on the subject of the
morning lesson. The announcement

that Judge Harris would speak at-
tracted many outsiders to the Sunday
school service, which, added to a
large regular attendance, overflowed
the Sunday school rooms. The lec-
ture was earnest and scholarly, and
was listened to with marked attention
by the large congregation.

The new fire-fighting apparatus of
Daytona Beach was used for the first
time last Thursday, when a blaze was
discovered at the home of Mr. and
Mrs. H. O. Budgen, on Palmetto street
about 4:00 o'clock in the afternoon.
The fire originated from a stove in
the dining room, between which and
a closet filled with wearing apparel

of the large cluster lamps set this
week in front of the bank building on
Seabreeze avenue.

Mrs. Benj. Richards, of Gainesville,

much pleased with St. Augustine.

SEABREEZE, Jan. 6. — Prof. H. E. Wakefield, principal of the Seabreeze public school, returned Friday from Lakeland, where he attended the convention of the State Teachers association. He reported a large attendance of teachers from over the state and a fine array of talent.

School opened Monday morning for the second term with large classes and a full corps of teachers, ready and eager to take up their work after the two weeks' vacation.

The apron sale held last week in the Towne store by the ladies of the Baptist Mission church, netted the satisfactory sum of \$16, with a few left over for another season.

Mrs. Evernden and daughter, Miss Mary Evernden, came over from Daytona last week to spend the last days of Miss Mary's vacation at their home on Oakridge avenue. Miss Mary left Monday morning on her return to Fremont, N. C., to resume her work in the college. Mrs. Evernden went up to Ormond Tuesday morning to join her son, H. F. Evernden, who had been appointed station agent at that place, and will be there for the winter.

Mrs. J. H. Erregger arrived last week from New York to spend the winter in her home on North Halifax avenue, and is being cordially welcomed by her many friends. Mrs. Erregger says the weather in New York has been cold and disagreeable this winter.

Mr. and Mrs. B. F. Jones, of Borden-town, N. Y., and Seabreeze, have returned for the winter and are comfortably settled in their home on North Peninsula drive. Later, their grand-

daughter, Miss Mabel Jones, who will graduate in February, and their two sons, will join them on a vacation trip.

Mr. and Mrs. Adler, of New York, have taken a flat in the Ashland apartment house on North Atlantic avenue. Mr. Adler is one of the musicians of the Clarendon orchestra.

Mrs. Lydia Weaver and sister, Miss Frances Palmer, who are spending the winter in the Ashland cottage, were guests at a very pleasant birthday anniversary celebration in honor of John L. Payne, of New London, Conn., who entertained at a five o'clock dinner Tuesday evening at the Barb

cottage, where Mr. Payne, his daughter, Miss Anne Payne, and companion, Miss Mary Gates, are spending the winter. The company was composed exclusively of the Nutmeg state residents. Mr. Payne is 80 years old.

Mrs. W. H. Weeks and little daughter, Marjorie, of New York city, arrived Monday and are located in a flat in the Chautauqua apartment house on Grandview avenue.

The following party arrived Friday and are located for the season in the Ray Selden cottage on North Atlantic avenue: Mr. and Mrs. E. D. Trenholm, Mrs. Jas. McManigal and daughter, Mrs. Florence Vought, of Marcellus, Mich.

Contractor W. E. Strawn started work last week on a two-story cottage for W. H. Courtney, on Grandview avenue, between Butler and Oakridge.

Mr. and Mrs. Geo. A. Gain, of Prince Edward Island, who have many warm friends in Seabreeze, having spent a number of winters in the Clarendon, stopped here for a few days last week to visit Mr. and Mrs. Henry Gain, at their cottage on North Halifax avenue. Mr. and Mrs. Gain were at the Prince George, Daytona, during their stay. They were on their way to Nassau to spend two months. The friends of Miss "Pippy" will be interested to learn that she will join them on their return to Miami, and later in the season they may be in Seabreeze again.

Mrs. B. W. Woodward arrived from Lawrence, Kansas, last Thursday with her maid, to occupy her winter home, Rose Castle, for the season. Later, she will be joined as usual, by her brother and his wife, Mr. and Mrs. J. E. Huey, of Chester, Pa.

The congregations at the Tourist church are increasing most encouragingly each Sunday under Rev. E. W. Serl's good preaching. Mr. Serl has unusual ability in ministering to the everyday needs of the people, and in a direct, clear way of putting his theme that interests and holds the undivided attention of his congregation. His theme, "What is the Gospel?" he answered in a broad and comprehensive way, to include any homely duty conscientiously performed, or kind act simply done, whether to man or animal. A healthy body, a contented mind and an aspiring spirit, he defined as conditions for the highest type of God-life.

C. W. Means, of Stanford, N. Y., is season guest at the Princess Issena. Mr. and Mrs. Chas. H. Chapman, of

Catskill, N. Y., who usually spend their winters abroad, are at the Princess Issena for the season.

William Bennett, of Coulton, Me., arrived last week to assist Dr. Randall in the Clarendon drug store, which will open this week. Mr. Bennett will spend the season at the Geneva.

Mrs. A. N. Maxwell and Miss C. L. Morris, of New York City, are guests at the Princess Issena for the winter.

Miss Aline Webber and mother are occupying their cottage on North Peninsula drive, purchased of J. L. Wetherby.

C. C. Horton, of Sayre, Pa., brother of Frank Stengle, arrived Sunday and joined his sister at the Geneva.

Mrs. Davis, of Binghamton, N. Y., has taken rooms at the Pennwood on Ocean boulevard. Mrs. Davis is well known in Daytona Beach and Seabreeze, having spent a number of winters here.

The Sunday afternoon opening and concert by the ladies' orchestra at the Nautilus casino was enjoyed by 200 or 300 people during the afternoon. Many were attracted by the announcement that Ruth Law would give exhibitions of flight in her aeroplane, but in this they were disappointed. On account of the strong air current sweeping out to sea Miss Law's manager declined to let her take the risk of going up in her machine.

Wight and Curptitude.
A lady once consulted Doctor Johnson on the turpitude to be attached to her son's robbing an orchard. "Madam," said Johnson, "it all depends upon the weight of the boy. My school-fellow, David Garrick, a little fellow, robbed a dozen orchards with impunity. But the first time I climbed a tree—I was always a heavy boy—the bough broke with me; and it was called a judgment. I suppose that is why justice is represented with a pair of scales."

CHANGE OF PROGRAM AND SPECIAL DANCING FEATURE

As an added attraction at the New Daytona theatre tonight, Manager Kane of the Simple Simon Musical Comedy company announces a country store, at which many useful and valuable presents will be given and much genuine fun and amusement furnished. An entirely new program will be presented and a change each day the balance of the week is in order. An added attraction tomorrow evening will be exhibition dancing by Miss Alyce Green and Billy Conrad, both well known and popular Daytona young people.

Next week, Monday, Tuesday, Thursday and Saturday, a vaudeville program of four acts, with pictures, will be the attraction. On Wednesday, January 13th, "Within the Law" will be here. This will easily be the dramatic treat of the season. On Friday, January 15th, "Alma, Where Do You Live" will be presented here. This well known, high class musical comedy will no doubt meet with the approval, and furnish a distinct musical treat to theatre-goers of Daytona and vicinity. Seats for "Within the Law" on sale at Hankins Saturday.

Austria's Day of Defeat.
At the battle of Magenta in 1859 during the Italian war, the French and Sardinians defeated the Austrians at a loss to the latter of 10,000 in killed and 7,000 in prisoners, while the allies only lost 4,000. For this victory the French marshal, MacMahon, was created duke of Magenta by the Emperor Louis Napoleon.

CAN A MAN LIVE ON PENINSULA AND VOTE IN DAYTONA?

QUESTION PUZZLED CITY COUNCIL IN DETERMINING WHAT NAMES TO STRIKE FROM REGISTRATION LIST.

Can a man have a home in Seabreeze and Daytona Beach and still maintain his legal residence in Daytona is a question that caused considerable discussion at a special meeting of the city council held Wednesday afternoon at 3:00 o'clock. The opinion of the council is that he cannot, so off went the names from the registration list of several who reside on the east side of the river.

The meeting was held for the purpose of ordering the mayor to issue his annual election proclamation, revise the registration list and pass several ordinances.

The following names were ordered stricken from the registration list:

May Be New Ceylon Industry.
The production in Ceylon, on a sufficiently large scale, of acetic acid, if it be successfully accomplished, will be a notable instance of a new industry being born as a result of war. The possibility of turning the "milk" in the coconut into acetic acid is now receiving the attention of the authorities in Colombo, and this probable additional source of supply will be welcomed.

Looking Far Ahead.
The vivid imagination of childhood is as a fairy charm for magnifying possibilities. A small boy, being directed to empty his bulging pockets, brought forth among other strange treasures a circular piece of rubber. Asked its nature and purpose he made answer: "Well, that a real good washer. I'm going to start an automobile shop with it some day."

Like Wasted Time to Johnny.
Johnny, aged six, was permitted to have his friend Teddy stay over night with him. On getting ready for bed they both knelt down to say their prayers, and all went well, but in the morning I happened to arrive in the room as Teddy was again saying his prayers, just in time to hear Johnny say: "What are ya sayin' your prayers now for anyway, ya haven't done anythin' all night have ya?"

SECRETARY DEACON RECEIVING NUMEROUS APPLICATIONS FOR PLACES — EVENING PROMISES TO BE UNUSUALLY LIVELY.

Steady streams of applications for place reservations is coming in to Secretary Benford Deacon, and by tonight there should be several score of persons booked for attendance at the Board of trade banquet, which is to take place at the Hotel Despland on Friday evening.

In that it brings together far more than the usual gathering of Board of Trade members, this event is one to which extraordinary importance may be attached. It not only tends to whet the interest of lagging members and sharpen the wits of the steady pullers, but it helps to attract the attention and invites the cooperation of persons who might not be reached in any other manner.

It is hoped that every member of the Board of Trade, as well as others interested in promoting the material welfare of the community, will attend the banquet. It is scarcely necessary to speculate in print on the character of the spread, so well known is the Despland's culinary efficiency.

Kept It Secret.
Katherine's uncle had come to pay them a visit. After the first greetings were over and he was comfortably seated with little Katherine on his knee, he asked, as uncles often do, if she were "a good little girl." "Yes, but nobody knows it," was the prompt answer.—The Delineator.

Methuselah.
It is impossible to tell why Methuselah lived so long. It is more than likely that the patriarch died long before he had reached the age of 969 years. In a word, no one nowadays whose opinion is worth anything believes that the "patriarchs" lived any longer than we do these times.

Something Worth Bragging About.
One day I decided to visit one of my old friends and to take my little niece, five years old, with me. We were talking about dishes and my friend got one of her highly-prized hand-painted plates and was telling me how much she valued it, when the little girl broke in: "Oh, that's nuffin. Why, we live in a hand-painted house."—Chicago Tribune.

STUDY WAR ENGINES

Army and Navy Officers Plan New Death Machines.

Have as Many Ingenious and Efficient Inventions to Their Credit as Have the Officers of Any Other Nation.

By EDWARD B. CLARK.

Staff Correspondent of the Western Newspaper Union.

Washington.—Some little time ago a word or two was said publicly about a new navy torpedo, accurate and serviceable at a range hitherto unthought of. The navy department naturally was displeased because of the public word spoken of this invention. Not enough has been said about it to enable anybody else to seize on the secret and therefore probably no harm has been done. The country may not know it, but army and navy officers are trying constantly to invent something which will go other nations one better.

As the records will show the American officers of the two services have as many creditable and efficient inventions credited to them as have the officers of any of the armies and navies of other nations and, to make this stronger, it must be remembered that our army is a comparatively small affair and our navy stands fourth from the top of the size and strength list.

There is a hint that if unhappily the United States in the near future should become involved in war a surprise or two may be in store for this country's antagonist or antagonists. Individual initiative is a common thing in the war and navy department and while secrecy as to details shrouds such matters it is probable that a conflict might bring to light something new in the shape of devices for defenses and offenses.

The officers of the service today largely are students. Things were different in the old days. Now in the first place the officer of today before he can be promoted has to pass an examination. Moreover study of military and naval problems is enjoined, and again, moreover, the success of some officers in inventive lines has spurred the ambitions of others to equal or excel their comrades. Whenever a new thing appears in a foreign field it is the attempt of many men of the American services to produce something which will put another something out of business.

Not all of the inventions of military arms have been those of men of the service, for the American civilian with his inherited knack for novel constructive work has created many things which have been adopted in some form or another first by the American army or navy and later, when the secrets were out, by the other armies or navies of some of the foreign powers.

The study in the signal service today is directed in large part to the perfection of the aeroplane. Every incident connected with the air service in Europe is noted. When it is reported that an aeroplane attack has failed and any hint is given as to the reason for the failure, the minds of the signal service officers are directed toward the task of making the failure impossible in our own army.

Armored motor cars are under study. When the American car finally is put into service it will be found very likely that it will do things that the armored cars now in use in Europe cannot do, and that it will have contrivances possessed by none of the cars of Europe which will add to its efficiency. Nothing in the way of suggestion which comes from the other side of the water is being lost.

The army and navy have done much for themselves in the last half century. The old single-shot breech-loading Springfield rifle was the best weapon of its type in use anywhere in the world. It was simple, strong, accurate and it could be loaded and fired rapidly. After single-shot rifles went out the American army adopted a magazine rifle which later was discarded for the new model magazine Springfield, which is made in the government factories. It is said to be a weapon of extreme ease of manipulation and of deadly accuracy at long range. It is a superior rifle, experts say, to that in use anywhere in the world.

The army officer who is at present chief of ordnance, General Crozier, was the inventor, or at any rate one of the inventors, of the disappearing gun carriage for use in our sea coast fortifications and elsewhere where big guns are a necessary part of the armament. Range finders, delicate yet strong and of great accuracy are other American service inventions.

The army and navy officers here, there and elsewhere are at work constantly on the problem of improvement of war's material.

Life of a Big Gun.
London.—What is the life of the big guns that are playing so great a part in this war? A big naval gun is used up after firing a hundred rounds. After a hundred rounds the rifling of the core or lining of the gun is destroyed by hot gases from the explosive, not, as one might suppose, by the friction of the shell.

To Beautify London.
London.—A movement is on foot to beautify London as a means of furnishing work for unemployed men and women. There are 2,400 forecourts abutting on public thoroughfares to be laid out as gardens.

DOUBLE DUET OF DEVILMENT DOERS AT MAYOR'S MATINEE

Impatience, superinduced by bound-
less bumpers of booze, brought John
Banks, black and burly, in "fronter
de may" Thursday morning. Eight
sound simoleons (or 16 large, back-
breaking, sweaty days' work) John,
surnamed Banks, owed this delightful
Daytona town when Mayor Titus had
succeeded in separating fact and
fancy. Briefly, this is the history of
the cause of John's present tribula-
tion: He "goes" in to "Big Boy" (alias
Charles Hennerly) Bedford's little
"rusteraw" what he runs ova in Mid-
way Wednesday evening, and "axes"
for a lamp he had there, although he
was already "lit" himself. For the lat-
ter reason, it is assumed, "Big Boy"
did not break any speed laws in pro-
ducing the lamp. John, pleasantly
"pickled," desired more rapid action,
and was powerfully peeved because
he hadn't got it; wherefore he hurled
a huge pepper box, which "zoned"
perilously near "Big Boy's" head. That
was about all—except the sad part at
the city hall, Thursday morning.

Two "puffed ladies" of darkness

played their second recent engage-
ment before his honor, the mayor,
Thursday forenoon. This time they
were officially billed as vagrants; and
they really were, according to the tes-
timony of the colored officer who ar-
rested them. Hettie Thomas, short
and dark and voluble, had no "visible
means of support," but she had had a
lovely jag on, only the day before,
as had also her "ginger-cake" pal,
Dena Robertson, beloved consort of a
hard-working day laborer of the city.
Mayor Titus informed Hettie that she
was an excrecence on the fair face
of the prettiest town in the world, and
ordered her to seek other pastures to
browse in, not later than Saturday;
otherwise she will be forced to remain
here (in durance vile, however,) 60
days longer. The Robertson woman
was advised to go home, behave her-
self, and try to take care of her man's
earnings. She is to be severely pun-
ished if she appears in the municipal
court again. Both women's reputa-
tions were pretty well aired—and they
needed it, for they were very stinky.

Snakes in United States.

There are 19 varieties of rattle
snakes in the United States, one cop-
perhead, and one water-moccasin.
The rattlesnake, of course, can always
be told by its rattle. The timber rat-
tlesnake is the commonest. It grows
sometimes as long as five feet, but is
rarely found over two or three feet in
length. It haunts the woods in hilly
or mountainous regions, as does the
copperhead. Both live on rabbits,
squirrels, and other animals which
they generally catch at night.

Wild Beasts in Indian Province.

In the province of Sind, India, there
are more than three million five hun-
dred and thirteen thousand people,
and yet there are occasional tigers,
panthers, leopards, wolves and hyenas.
The gad, or wild sheep, the ibex, the
chinkar, the black buck and the hog
deer are comparatively common.

D. H. S. BASKET BALL TEAM TO PLAY MIAMI

HAS EXCELLENT CHANCE AT
STATE CHAMPIONSHIP, AS IS
SHOWN BY RECORD THUS FAR
THIS SEASON.

"State basket ball champs, 1914-15,"
is the rallying cry of the silver and
blue warriors of D. H. S. and their
staunch rooters and supporters. The
first workout since the holiday sea-
son was held at the Arcade, Tuesday
afternoon, and all members of the team
appeared to be in fine condition. Bas-
ket shooting, followed by a brisk
scrimmage was the order of the day,
and at the conclusion of the practice
Professor Marks was a satisfied smile.

That the boys really have an excel-
lent chance at state honors is shown
by a glance at their record so far this
season. Starting the season early in
November, the local lads had little dif-
ficulty in winning from the New
Smirna quintet. In their second game
they met their only reverse of the sea-
son, when they lost to the fast St. Au-

gustine bunch. However, this was
atoned for on December 19th, when
they won a close game at the Ancient
City. The last six games have been
victories and were won from such
teams as St. Augustine, Sanford, Sea-
breeze, Town team (twice) and Stet-
son Academy, and a majority of these
games were won by large scores.

The next games scheduled for D. H.

are considered a strong combination in
other parts of the state as well as at
home.

FILL NOW BEING MADE FOR LAST
SECTION OF ABOUT 300 FEET IN
FRONT OF PRINCE GEORGE HO-
TEL.

Work on the northern section of the
Esplanade Burgoyne is nearing com-
pletion. The wall has been finished
throughout its length and the Charles
K. Barnhart Contracting company
now has the float dredge busy exca-
vating material for the extensive fill
necessary in front of the Prince
George hotel. The cement walk has
been finished southward to the vicinity
of the Pollitz store and as soon as the
above mentioned fill is made it will
be continued to the section of com-
pleted walk north of the concrete
bridge, a distance of about 300 feet,
which will complete the esplanade so
far as at present planned.

CLARENDON BALL AND DINNER JANUARY 9TH

FIRST BIG SOCIAL EVENT OF THE SEASON WILL BE ATTENDED BY ELITE OF THIS SECTION AND MANY FROM OUT OF TOWN.

Notwithstanding the fact that the Clarendon hotel has only just been opened for the reception of guests, one could not imagine a more perfect manipulation of affairs throughout the establishment than exists already in the big structure on the ocean front at Seabreeze. Closed to the public during nine months of the year, without a sign of life anywhere to be seen about the building, it is suddenly thrown open on January 5th, and from that time on until April 10th it feeds and shelters hundreds of the wealthiest men and women of this and other nations.

The Clarendon register at present contains the following list of guests, many of whom are expected to remain throughout the season: E. B. Parsons and son, Trenton, N. J.; Mr. and Mrs. Donald Clark, Huntington, W. Va.; Mr. and Mrs. F. A. Goodrich, St. Louis, Mo.; Mr. and Mrs. J. C. Brennan and the Misses Jessie and Jocelyn Brennan, Ottawa, Canada; Mr. and Mrs. Davis, Philadelphia; C. H. Hayden, New York; Mrs. R. E. Fenton and maid, New York City; Mrs. Craig A. Marsh, Plainfield, N. J.; Mr. and Mrs. M. S. Blitzer, and J. P. Kelly, of New York City, and L. Rich, of Newark, N. J., who are touring the state by automobile, were also registered at the hotel yesterday. The party left today en route for Palm Beach and points further south.

A large number of guests from the north are expected to arrive at the Clarendon tonight, and by the end of the week the number will probably reach one hundred or more guests. Seven out of the nine Clarendon cottages are already rented to families, some of whom have had them successively for several seasons.

Great preparations are being made by the hotel management for the annual ball and dinner which occurs on Saturday evening, January 9th. This social event is looked forward to every season by many of the best people of Daytona, Daytona Beach and Seabreeze and reservations for tables are being rapidly made. The usual price of \$1.50 per plate will prevail.

NEWS OF THE HOTELS

A glance at the registers of any of the smaller hotels would go a long way toward dispelling any lingering doubts as to the "season" Daytona, and Florida in general, is to enjoy this winter. A number of the smaller tourist hotels on both sides of the river are already filled to capacity, and all report large advance bookings for the latter part of this month and the entire months of February and March.

Mr. and Mrs. W. A. Blake, who gained many friends during their stay in Daytona last winter, are among the late arrivals at the Morgan house.

ANOTHER DELIGHTFUL FEATURE TOMORROW AT THE NAUTILUS
The first "The Dansant" of the season takes place at the Nautilus palm garden Friday afternoon between the hours of 4 and 6 o'clock. Music will be furnished by the Nautilus lady orchestra and the admission price of \$1 includes an elaborate luncheon and an exhibition program. A number of tables have already been reserved. No more delightful way could be found for entertaining a party of friends at an afternoon tea.

HOTEL ORMOND OPENS FOR THE 28TH SEASON

A NUMBER FROM DAYTONA ENJOYED DINNER PARTY THE OPENING EVENING—ROCKEFELLER MAKES RESERVATIONS.

ORMOND BEACH, Jan. 7.—The Hotel Ormond opened last evening for its 28th season, and Manager D. J. Trudeau expects the biggest business in its history, as the booking is very large. Many of the old guests are coming back for the winter, and there are quite a number of new guests expected. John D. Rockefeller has engaged a suite of rooms for the middle of February for himself and party. He has enjoyed playing on the Ormond Beach golf links so much in former seasons that this year he wished to be as near them as possible.

One of the many improvements noticed at the Ormond this season is the beautiful park made from the purchase of the John Anderson property adjoining the hotel. Ormond now has spacious grounds and fine cottages.

For many days an army of workers have been busy getting the hotel in readiness, painting, papering, etc., and it is now as fresh and attractive as possible. The large rotunda with its color scheme of green and white, its many palms and ferns and its numerous tables with reading lights presents a very homelike appearance. Afternoon tea is served in the grill room each day by daintily clad girls from the north; also a very fine electric lighting plant has been installed.

A party of Daytona people enjoyed a dinner party at the Ormond last evening. The party included Mr. and Mrs. M. P. Cornwall, Mr. and Mrs. L. M. Waite, Mr. and Mrs. F. J. Niver, Dr. and Mrs. C. C. Bohannon, Mr. and Mrs. W. M. Hankins, David Sholtz, Mr. and Mrs. F. W. Pope, Miss Flora Schneider and Mr. and Mrs. T. E. Fitzgerald.

Among the cottagers who are now at Ormond are Justice Shifras and his sister-in-law, Mrs. Call, of Washington, D. C.; Mrs. Worthy, of Springfield, Mass., and the Richmond family, who are occupying the Bonbright cottage on the river front. The Lindseys, from Rochester, N. Y., are expected to occupy their beautiful residence next week. Their daughter, the younger Miss Lindsay, was married lately.

IN CHARGE OF HOTEL 'PHONE SERVICE AT RAILWAY DEPOT

Charles Brown, of Paterson, N. J., is in charge of the hotel 'phone service at the F. E. C. railway passenger depot this season. Mr. Brown brought south with him his wife and young son, Donald, and they are located for the winter at Daytona Beach.

Saved From Disgrace.

Little Bob had disobeyed a charge laid upon him by his busy mother and was threatened with having to go to school in untidy clothing. The lad took the matter bravely, but when unexpected events mitigated the just sentence his lips quivered. "I'm so glad I won't have to wear those torn trousers to school, mother," he explained, "because I don't want the rest of the fellows to think I'm a preglacted child."

HOW MANY TIMES HAVE YOU SAID

"IF I HAD ONLY BOUGHT LOTS OVER ON THE BEACH WHEN I FIRST CAME HERE I MIGHT HAVE BEEN RICH TODAY. I COULD HAVE BOUGHT ACRES FOR THE PRICE AT WHICH SINGLE LOTS ARE SELLING TODAY. ACREAGE CANNOT BE BOUGHT AT ANY PRICE. WHAT A FOOL I WAS." LET US POINT OUT A WAY FOR YOU TO GET IN AND MAKE UP.

DID YOU IMAGINE SUCH A THING AS A STREET CAR LINE TO THE BEACH FIVE YEARS AGO? PERHAPS YOU DID IMAGINE IT—IT IS A REALITY NOW. WOULD YOU HAVE BEGGED, BORROWED, OR ARRANGED IN SOME WAY TO GET HOLD OF ENOUGH MONEY TO BUY SOME BEACH PROPERTY, COULD YOU HAVE BEEN ASSURED THAT A CAR LINE WAS GOING TO BE BUILT TO YOUR PROPERTY? IF ANYONE COULD HAVE TOLD YOU POSITIVELY THAT THE CLARENDON HOTEL WAS GOING TO BE BUILT WHERE IT IS, WOULD YOU NOT HAVE DONE LIKEWISE, BOUGHT ALL THE PROPERTY POSSIBLE, ACCORDING TO YOUR MEANS? COULD ANYONE HAVE ASSURED YOU THAT THE NAUTILUS PROPERTY WAS TO BE IMPROVED AS IT IS TODAY—THAT A BASEBALL PARK WAS TO BE BUILT WHERE IT IS, WOULD YOU NOT HAVE BOUGHT ALL THE PROPERTY YOU COULD HAVE GOT HOLD OF?

THE STREET CAR LINE IS NOW BEING EXTENDED THROUGH OCEAN VIEW HEIGHTS, WHICH WILL PUT IT WITHIN TWELVE MINUTES' RIDE OF DOWNTOWN. COMPARE THE PRICES OF SEABREEZE LOTS WITH THE PRICES WE ARE ASKING FOR OCEAN VIEW HEIGHTS LOTS. WE ARE OFFERING THE OCEAN FRONT LOTS, WHICH ARE FIFTY BY THREE HUNDRED AND TWENTY-FOUR, AT SIX HUNDRED AND NINETY-FIVE DOLLARS EACH, WHILE THE INSIDE LOTS, FIFTY BY ONE HUN-

DRED AND FORTY, ARE OFFERED AT ONE HUNDRED AND SEVENTY DOLLARS EACH. A TWENTY-FIVE PER CENT PAYMENT IS ALL THAT IS REQUIRED DOWN, WITH EASY TERMS.

WERE WE TO PREDICT THAT WITHIN A FEW YEARS THE ENTIRE BEACH WILL HAVE A BOARD-WALK WITH AN OCEAN PIER, LARGE HOTELS, WHICH WILL COMPARE FAVORABLY WITH THOSE OF ATLANTIC CITY. THAT STREET CAR LINES WILL CONNECT WITH DELAND, NEW SMYRNA, SANFORD, ORLANDO AND OTHER INTERIOR POINTS, YOU WOULD CALL US DREAMERS, BUT WE ARE PREDICTING JUST THAT VERY THING. NOW THINK OF WHAT THIS WILL MEAN TO THE PROPERTY ON THE BEACH. NOW IS THE TIME, MR. READER, TO GET IN ON THE GROUND FLOOR WHILE THESE PRICES ARE REDICULOUSLY LOW, FOR WHEN ALL THESE THINGS SHALL HAVE TAKEN PLACE THE PRICES NATURALLY WILL BE WAY UP, AND YOU SHOULD BE THE ONE TO REAP THE BENEFIT, FOR ONCE IN YOUR LIFE PUT YOURSELF IN THE POSITION WHERE THE OTHER FELLOW WILL HAVE TO SAY, "YOU HAVE MADE A LOT OF MONEY ON LOTS WHICH YOU WERE FARSIGHTED ENOUGH TO PURCHASE WHEN THE PRICES WERE LOW."

IT'S NOT LUCK—IT IS JUST GOOD BUSINESS SENSE—TAKING ADVANTAGE OF AN OPPORTUNITY—AN OPPORTUNITY THAT DOES NOT COME EVERY DAY, AND YOU SHOULD NOT DELAY. IT WILL BE A PLEASURE TO DEMONSTRATE THE PROPERTY TO YOU, IF YOU WILL GIVE US THE OPPORTUNITY, AND TELL YOU OF THE CONTEMPLATED IMPROVEMENTS AND ANY FURTHER PARTICULARS THAT YOU MAY DESIRE. NOW IS THE TIME TO INVESTIGATE. OPPORTUNITY IS KNOCKING AT YOUR DOOR. DON'T PASS IT UP.

Rosemary Has Learned.

Rosemary, aged two, was being brought up carefully by a mother who did not approve of slang. She had always played alone, but had recently had as a playmate a group of little neighbor boys. Shortly afterward her dignified grandfather came to the door as she was being put to bed, and said, "Good night, baby." Her mother's horror may easily be imagined when she heard her daughter call, "Dood night, denpa, old kid."

NEW SMYRNA HOME DESTROYED BY FIRE

FLAMES DISCOVERED TOO LATE

ING DONE TO SAVE BUILDING
OR CONTENTS.

NEW SMYRNA, Jan. 7.—Fire of an unknown origin destroyed the home of H. N. Robertson and family on South Palmetto street last Saturday night, the blaze having gained such headway by the time it was discovered that all efforts to save either the building or its contents were useless.

The fire was first discovered by L. R. Pillard, but by this time the flames had turned the interior of the house into a furnace. The alarm was given and a crowd quickly gathered, but no effort to save anything could be made.

Nobody was at home when the fire started and it is believed the blaze got its start from the exploding of a lamp or a spark from the fireplace.

Insurance of \$1200 was carried on the home and a lesser amount on the furnishings.

A WARNING TO DAYTONA BUSINESS MEN.

Have you fallen to the blandishments of the fake advertising man? Have you listened to his smooth talk and parted with your good money for some fetching blotters and some pretty cards?

It is cold up north, ver-ry cold, and dapper young men and easy-living elderly men remember Florida and the land of promise. They figure out a line of talk for the eager Florida business man, alert to make money while the tourist season lasts, and then they put their heavy winter overcoat in hock and start to the sunshine country.

In Jacksonville they size up the field, and put out for the place where they imagine men are the "easiest" to separate from their money—and sometimes they pick out Daytona.

Here in Daytona they blow in breezy and debonaire, take the prosperous business man into their confidence and before he knows it, unless he is quite wary, some advertising scheme is "wished" upon him that is not worth a —, in fact it is worth less than that because every bit of money wrongfully spent for advertising deflects just so much money from beneficial advertising that is certain to bring results.

Nor will this warning against the fake advertising scheme come entirely as a revelation to Daytona business men. There are a number of men in Daytona who have had expensive experience with schemes of the sort herein referred to, and should by now have cut their wisdom teeth; yet to them, as well as to the people who have not yet fallen to the persuasions of the smooth advertising faker, we would give a friendly warning.

This is the season for the sharper to do business in Florida—he likes the sunshine and he is well aware that the winter time brings money-spenders and an increase in business to the state; but it is a decidedly uncomplimentary commentary on the good business instincts of the residents of Florida that they are hoaxed every winter out of thousands of dollars by the northern jim-dandies who find them so "easy."

Daytona is certainly one of the towns in the state where the faker should find a chilly welcome.

Mr. Business Man, clip the foregoing article from this paper and stick it up over your desk where you can see it easily and often. It might be the

means of keeping in your pocket some perfectly good money that you would otherwise permit to pass into the hands of an unworthy schemer.

Vienna.—Heavy losses suffered by the Servians in their defeat by the Austrians have forced them to fill the gaps in their army by enlisting women, according to a report received here from Field Marshal Potiorek.

He states that among the dead left on the field by the Servians in the fighting along the Kolubara river the Austrians found many women.

He adds that old men and boys also have been enrolled and that the Servians are fighting with great tenacity to hold their positions.

NEW DEVELOPMENT WHICH MEANS RAPID GROWTH OF DAYTONA

MUCH WORK BEING DONE BY
WAY OF IMPROVEMENT TO
BOSTWICK PARK, THE NEW
RESIDENTIAL SUBURB.

As the growth of a city is dependent upon the annexation of new territory and upon the bringing in of new residents, Daytona and Daytona Beach will be greatly benefited by the development of the new tracts now being placed upon the market. Other tracts will no doubt be opened adjacent to the city as the conditions justify. Other cities in the state have spread out, taking in miles of territory and doubling, trebling and quadrupling in population in the course of a few years. Daytona has had a wonderful, steady, substantial growth but the real growth has just started.

F. N. Conrad and Bert Fish, who are responsible for the development of the new tract known as Bostwick Park, an advertisement of which appears elsewhere in today's paper, should be commended for the way they are improving this beautiful property. Silver Beach avenue is being widened and paved on both sides, every street in the tract is being made a boulevard with palm trees, eucalyptus and ornamental shrubs in the center, five-foot concrete sidewalks are being built in front of every lot, coquina columns with electric lights on top will be installed on both sides of the entrances of the streets and all lots will be restricted to a desirable class of homes. Many thousands of dollars are being spent in improving this property and the men behind same certainly show

their faith in the growth of Daytona by giving to the city a property of this class, which will be the equal of any subdivision in the state of Florida.

Bostwick Park is favored first by location and then by the natural beauty of the tract. This tract has advantages that few places in the state enjoy. Located just five minutes from the heart of the business center of Daytona at the end of the South bridge and running from the Halifax river to the Atlantic ocean, this tract offers to those who desire to locate their homes there, the pleasures of salt water and the finest ocean beach in the world on one side, and the deep water of the Halifax river on the other, while it is within easy walking distance of the heart of the business center of Daytona.

Naturally those who buy first will get in on the "ground floor" as far as prices and location is concerned. As the buildings go up prices will rise in proportion. There is now being built upon the river front of Bostwick Park a home costing more than \$100,000 by E. L. King, and there has just been completed upon the ocean front a \$10,000 home, while E. F. Oates has plans drawn for a home which will cost more than \$5,000, on Silver Beach avenue.

Bostwick Park will not be opened formally until about January 29th but many local people are reserving lots in advance of the regular sales. Daytona is coming to its own. Eyes are turning this way from all directions and a rapid growth will follow. People from the north who spend the winters here are looking towards real estate for investments instead of depending on stocks and bonds, which, during recent months have become a drag upon the market and unsalable. The present limits of Daytona and Daytona Beach are too narrow and must be pushed back to admit of the growth the new enterprising spirit demands.

His Interpretation of Nature's Law.
"The law of nature," didactically stated the professor, addressing the members of the Sit and Argue club, informally assembled on the porch of the tavern, "is that a certain amount of work is necessary to produce a certain amount of good of any kind whatever." "That's so," agreed J. Fuller Gloom, the chronic carper. "If you want relief from itching you must scratch for it."—Kansas City Star.

Getting Up.
When you find an unwillingness to rise in the morning, make this short speech to yourself: "I am getting up now to do the business of a man; and am I out of humor for going about that which I was made for? . . . Was I then designed for nothing but to doze and batten beneath the counterpane."—Marcus Aurelius.

"The Art of Weaving in Colonial Times and How Perpetrated," was discussed by Mrs. Charles H. Impossible.

The inquest had been held on the
 body of a Scotchman who had
 drowned and all the evidence pointed
 to suicide. For a few minutes after
 the coroner had summed up, the jury
 put their heads together, considering
 their verdict. At length the foreman
 rose. "Death from unknown causes,"
 he exclaimed emphatically. "I don't
 agree with your verdict." "You practically
 had direct evidence that the deceased was seen
 to throw himself into the river." "Yes,
 sir," replied the foreman, sullenly,
 "but taking into consideration that the
 deceased was a Scotchman and that a
 full bottle of whisky was found on
 the body, we consider a verdict of
 suicide absolutely untenable."—San

Io and the Gadjfy.

Io, in Greek mythology, was the
 daughter of Inachus, first king of Ar-
 gos. She was beloved by Zeus (Jupit-
 er), whose wife Hera (Juno), in jeal-
 ousy, turned her into a heifer and set
 the hundred-eyed Argus to watch her;
 but the latter was slain by Hermes
 (Mercury) at the command of Zeus.
 Hera then sent a gadfly to torment Io,
 which drove her from land to land
 until she reached Egypt, where she re-
 gained her true shape, and bore a son,
 Epaphus. According to the tradition,
 the Bosphorus, which means ox-ford,
 got its name from her swimming
 across it. According to some tradi-
 tions Io married Arlris or Telegonus,
 king of Egypt, and was afterwards
 identified with the Egyptian goddess
 Isis. It seems that Io was identified
 with the moon; whence she is repre-
 sented as a woman with the horns of
 a heifer.

"Dickensy" Names.

"Dickensy" names are to be discov-
 ered in the most unlikely localities, as
 those whose travels take them to Bur-
 gundy may have discovered. In Ma-
 con there is a Rue Dombey, which,
 apart from its name, is worth explor-
 ing for the sake of one or two fifteenth
 century timber houses with most
 quaintly carved fronts. And by a
 strange coincidence, on the banks of
 the Saone, about seven miles out of
 Macon, there is a village called Boz.

MRS. CAMERON MANN

ADDRESSES THE GUILD

WIFE OF BISHOP OF SOUTH FLOR.

IDA SPEAKS TO LADIES OF ST.

MARY'S GUILD ON AUXILIARY

WORK.

Mrs. Cameron Mann, wife of the
 Episcopal bishop of the southern dioc-
 eses of Florida, was in Daytona Wed-
 nesday and Thursday of this week ac-
 companying by her daughter, Mrs. Wil-
 ham Edgar Fisher, of New York. The
 ladies while here were guests at the
 Morgan hotel.

Mrs. Mann, whose home is in Or-
 lando, is visiting points along the East
 Coast on her way to Miami to attend
 the convocation in that city next week.

Wednesday afternoon Mrs. Mann
 addressed the ladies of St. Mary's
 church guild at the guild hall on
 Orange avenue on the subject of aux-
 iliary work and urged the formation
 of an auxiliary here. She is a fluent
 and pleasant speaker, but it is a ques-
 tion if the organization of an auxiliary
 in Daytona will meet with much favor
 as the guild, in addition to its regular
 duties, also looks after the missionary
 work and in this way really covers the
 auxiliary function.

He "Knows Manners."

In Washington they are telling a
 good story on one of the newest West-
 ern congressmen. Almost as soon as
 he deposited his carpetbag in the na-
 tion's capital he went out and pur-
 chased a "Handbook of Etiquette" and
 began to study it diligently. So he
 was quite prepared for any emergency
 when a member of the French em-
 bassy came to call upon him. "First
 calls," said the handbook, "should be
 returned immediately." When the
 Frenchman started to go his host ac-
 companied him to the front door,
 where he donned his hat. "Ah," said
 the departing guest, "Monsieur is
 going out, n'est-ce pas? Is it zat you
 go to make ze little promenade?"

The congressman smiled with con-
 scious pride. "Why, no, sir," he ejacu-
 lated firmly. "You foreigners aren't
 the only ones that knows manners. I
 am going home with you, sir, to return
 your call, sir."

Ranson's Prepared Humus
Soil Builder and Plant Food

In these strenuous days of intensive farm-
 ing, "getting as much out of it" as possible
 and making the most of it, is the only way
 to succeed. Commercial fertilizers stimulate
 vegetation life, but it is Ranson's Prepared
 Humus that builds up the soil and strength-
 ens the plant. Ranson's Prepared Humus is
 a rich, healthy soil builder and plant food
 essential to plant growth.

BEFORE **AFTER**

Ranson's Prepared Humus is wonderfully beneficial when applied freely to
 lawns, gardens, flower beds, golf links, trees, shrubbery and all
 other places where plants grow. It is a natural and healthful soil
 builder and plant food. It is made from the finest material and
 is five times stronger and lasts ten times longer than barnyard manure. It
 is easily applied, may be applied at any time, is odorless and sanitary. It
 is absolutely reliable, retards weeds, and is a favorite breeding place for
 the soil bacteria.

No Need to Plant Legumes and Wait for Vines to Rot

Your sandy soil is crying for food. Give it a liberal supply of Ranson's Prepared Humus. The customer took
 some and wrote his name with it on the lawn. In a short time the letters
 stood out plainly above the rest of the grass. Read the testimonial.

Feed your soil liberally. For it is cheap. Delivered to your nearest station
 anywhere in Florida at \$2.00 a ton. Sample order, six 50-lb. bags
